**Meeting of the Southern Ohio Valley Chapter of CMSA
Wednesday, May 15, 2019**

Special Continuing Education Presentation:

“Workplace Bullying in Healthcare”

Workplace bullying is cited in the health care literature as a growing and troubling trend. It negatively affects nurse productivity, satisfaction, and retention, and hinders safe patient care.

Dr. Peggy Ann Berry, an expert in the topic of workplace bullying, will describe workplace violence and aggression, as well as the the attributes and causes associated with micro-aggression, bullying, and mobbing in the workplace. She will also present evidence-based strategies and practices used to discourage micro-aggression and bullying.

Attendees will be able to use the information presented to more effectively identify, manage, and discourage bullying within their specific worksites.

Learning Objectives:

- *Describe workplace violence and aggression*
- *Describe the attributes and causes associated with micro-aggression, bullying, and mobbing*
- *Apply evidence-based strategies and practices used to discourage micro-aggression and bullying.*

FEATURED SPEAKER:
